

Therafun!

We had lots of fun in our therafun this week!

We made sure each other were looked after with our cream and cotton wool like we do every week.

Then we played "hot potato" this is where you pass the bean bag round as fast as possible acting like it is a hot potato!!

Then we played a game where we could only touch the floor with the body parts chosen...

i.e. in the picture below you are only allowed your knees and nose!

We finished off with our food challenge of the week... Marshmallow stack.

You have to see how many marshmallows you can stack before it falls over.. the most we have seen is 5, you should try this at home, such a fun and competitive game for all!
