

Dear Parents

In order to make sure your child's education is maintained we have adapted a timetable (utilising the Government's one exercise per day advice) to provide the new work packs for your children. This will follow social distancing guidelines as set out below.

Each class has a set time, based around your child's class and your child's surname, this is designed to make the system as safe as is possible for all concerned. If you would prefer your child's work to be emailed, then please let us know via the office5@netherfieldprimaryschool.com email and we will make suitable arrangements for this. Please bear in mind sheets would require printing to be completed.

If you need to collect packs for more than one child, we will be able to support that if you attend the first slot on the timetable for your youngest child. It would be best if you do not bring children with you, however we know this cannot always be the case but please be aware that we will be remaining 2 metres apart and we all need to follow this protocol.

Please follow these instructions for the safety and welfare of everyone.

The Main school gates will be open

- Enter through the main school gates keeping to the right hand side.
- follow the route around the playground, standing 2 metres apart (this will be marked out for you)
Please be patient.
- When you get to the desk (where the packs are located) a staff member will be located under the **big orange sun shade**
- pick up a pack say your child's name to the member of staff and they will tick you off the list, the member of staff will remain 2 metres away
- Continue following the route around the playground, keeping two metres apart
- Exit via the green gates (the tunnel)

Please be aware that this is purely to pick up work packs and should not be used for children to catch up with friends.
