

Curriculum Implementation

July 2022

James Payne
Curriculum Lead

Student: Harley

Age and Year Group: Year 6, 11 years old

Most recent:

School Trip: The National Holocaust Centre

Extra-curricular activity: None

Science: How does temperature affect the growth of mould?

Book studied in English: Once by Morris Gleitzman

History topic: World War Two

Geography topic: Global Warming

Arts project: Graffiti

Favourite book: When the Mountains Roared by Jess Butterworth

Recent learning highlight: Receiving my SATs results because my hard work paid off!

The most interesting topic you've studied at school: Learning about events of World War Two

One of my favourite subjects: Maths because I've always enjoyed it and it calms me down.

A favourite feature of the school: The teachers because they're respectful and they make me feel comfortable and safe.

My ambitions for the future: I want to work with and sell cars.

Student: Ellie-Mae

Age and Year Group: Year 5, 10 years old

Most recent:

School Trip: Nottingham Castle to learn about why it was burnt down

Extra-curricular activity: None

Science enquiry: How do humans change as they age?

Book studied in English: The Highland Falcon Thief by Sam Sedgeman and MG Leonard

History topic: Why are these two men dancing at the sight of Nottingham Castle burning?

Geography topic: How is the weather different across the world?

Arts project: Architecture

Favourite book: The Land of Roar by Jenny McLachlan

Recent learning highlight: Creating a newspaper article about the burning of Nottingham Castle in English

The most interesting topic you've studied at school: Making pizzas in D&T

One of my favourite subjects: Maths because when you finally learn how to do something, it feels great!

A favourite feature of the school: The points shop because you have earned on things that you would like

My ambitions for the future: I'm not sure. I just want to be happy

Student: Liv

Age and Year Group: Year 6, 11 years old

Most recent:

School Trip: The National Holocaust Centre

Extra-curricular activity: The Prime Minister of the School Parliament and Drama club

Science: How does temperature affect the growth of mould?

Book studied in English: Once by Morris Gleitzman

History topic: World War Two

Geography topic: Global Warming

Arts project: Graffiti

Favourite book: Murder Most Unladylike by Robin Stevens

Recent learning highlight: Visiting and writing about our trip to the National Holocaust Centre

The most interesting topic you've studied at school: Evolution and inheritance in Science

One of my favourite subjects: Maths and art – I just really like them!

A favourite feature of the school: The playpark and the library. It's just a whole building full of books – it's great!

My ambitions for the future: Start my own business!

Student: Lewis

Age and Year Group: Year 5, 10 years old

Most recent:

School Trip: Nottingham Castle to learn about why it was burnt down

Extra-curricular activity: School newspaper club, animation club, cricket, Carlton Town Under 10 Tigers and Cubs.

Science enquiry: How do humans change as they age?

Book studied in English: The Highland Falcon Thief by Sam Sedgeman and MG Leonard

History topic: Why are these two men dancing at the sight of Nottingham Castle burning?

Geography topic: Weather around the world

Arts project: Architecture

Favourite book: The Boy Who Made the World Disappear by Ben Miller

Recent learning highlight: Learning about why people would visit Florida in Geography

The most interesting topic you've studied at school: Learning about architecture across Nottingham

One of my favourite subjects: Maths because it challenges my thinking

A favourite feature of the school: The teachers because they're kind

My ambitions for the future: To be a primary school teacher

Student: Isabelle

Age and Year Group: Year 4, 9 years old

Most recent:

School Trip: Swimming at Carlton Forum

Extra-curricular activity: None

Science enquiry: Investigating which materials insulate sound best

Book studied in English: There's a Boy in the Girls' Bathroom by Louis Sachar

History topic: The Vikings

Geography topic: What is Scandinavia like?

Arts project: Surrealism

Favourite book: Viking Boy by Tony Bradman

Recent learning highlight: Making collages in art

The most interesting topic you've studied at school:

Learning about differences between people in PSHE

One of my favourite subjects: PSHE and Art. I like making a final piece in art and I get to share my skills.

A favourite feature of the school: Being in school with my friends and breakfast club because it's a nice way to start the day.

My ambitions for the future: I would like to be an author. I really like to read and I want to write books of my own!

Student: Obi

Age and Year Group: Year 4, 9 years old

Most recent:

School Trip: Arnold Academy to a dodgeball tournament

Extra-curricular activity: Tae-kwon-do

Science enquiry: Investigating which materials insulate sound best

Book studied in English: There's a Boy in the Girls' Bathroom by Louis Sachar

History topic: The Vikings

Geography topic: What is Scandinavia like?

Arts project: Surrealism

Favourite book: Viking Boy by Tony Bradman

Recent learning highlight: Angles in maths

The most interesting topic you've studied at school: The digestive system in Science

One of my favourite subjects: PE because it gets me physically moving and gets my blood pumping around by body

A favourite feature of the school: The food trays in the dinner hall because we get to choose what we'd like to eat

My ambitions for the future: To work in the army to help protect the country

Student: Kristian

Age and Year Group: Year 3, 8 years old

Most recent:

School Trip: A walk around Netherfield for Geography

Extra-curricular activity: Computing club

Science enquiry: How is water transported in plants?

Book studied in English: Mr Penguin and the Lost Treasure by Alex T Smith

History topic: Ancient Greece

Geography topic: Local areas study of Netherfield

Arts project: 3D Abstract sculpture

Learning:

Favourite book: The Nine Lives of Montezuma by Michael Morpurgo

The most interesting topic you've studied at school:

Fractions in maths because I really like to know how you can split things into parts

One of my favourite subjects: Geography because I like learning about places around the world. When I'm old, I want travel the world.

A favourite feature of the school: The displays in the classroom. They take a long time and they look good. They show off all our work!

My ambitions for the future: I want to be a contract attorney — I want to be just like my grandma!

Student: Lyla

Age and Year Group: Year 3, 8 years old

Most recent:

School Trip: A walk around Netherfield for Geography

Extra-curricular activity: Brownies, swimming, piano lessons and theatre classes

Science enquiry: How is water transported in plants?

Book studied in English: Mr Penguin and the Lost Treasure by Alex T Smith

History topic: Ancient Greece

Geography topic: Local areas study of Netherfield

Arts project: 3D Abstract sculpture

Learning:

Favourite book: Harry Potter and the Prisoner of Azkaban by JK Rowling

Recent learning highlight: Comparing Spartan and Athenian lives for children

The most interesting topic you've studied at school: The Egyptians in History

One of my favourite subjects: History because sometimes it's gory and it links to Horrible Histories, which I watch at home

A favourite feature of the school: Our school parliament. I love how we have our own democracy — it's our own little replica of The Houses of Parliament in London!

My ambitions for the future: I would love to be a fashion or costume designer because I like designing things and acting and it's a bit of both!

Student: Keeley

Age and Year Group: Year 2, 7 years old

Most recent:

School Trip: Sutton on Sea

Extra-curricular activity: None

Science enquiry: How do seeds grow?

Book studied in English: Harry and the Poisonous Centipede

History topic: History of the seaside

Geography topic: Coastal environments

Arts project: It's a bug's life – abstract expressionism

Learning:

Favourite book: The Lighthouse Keeper's Lunch

Recent learning highlight: Learning how to tell the time in maths

The most interesting topic you've studied at school: The stories in writing about the Light House Keeper's Lunch

One of my favourite subjects: Art because we get to use all the tools in the classroom.

A favourite feature of the school: The library because we get to read books in there.

My ambitions for the future: I would like to be a teacher

Student: Isaiah

Age and Year Group: Year 2, 7 years old

Most recent:

School Trip: Sutton on Sea

Extra-curricular activity: Football

Science enquiry: How do seeds grow?

Book studied in English: Harry and the Poisonous Centipede

History topic: History of the seaside

Geography topic: Coastal environments

Arts project: It's a bug's life – abstract expressionism

Favourite book: Harry the Poisonous Centipede

Recent learning highlight: Prince Twins Seven Seven

The most interesting topic you've studied at school: Chaos tag in PE

One of my favourite subjects: English because I like writing my own stories and information

A favourite feature of the school: Mr Crone and Mrs Taylor are at the gate and they make me laugh

My ambitions for the future: I want to play football

Student: Theo

Age and Year Group: Year 1, 6 years old

Most recent:

School Trip: Netherfield Allotment

Extra-curricular activity: Football

Science enquiry: What types of trees are there?

Book studied in English: The Enchanted Wood by Enid Blyton

History topic: Queen Elizabeth I and Queen Victoria

Geography topic: Colwick Park

Arts project: Vincent Van Gough

Favourite book: Barbra Throws a Wobbler by Nadia Shireen

Recent learning highlight: Writing my own story about Little Red

The most interesting topic you've studied at school:

Learning about materials in Science

One of my favourite subjects: PE because I like practising dancing and exercises

A favourite feature of the school: The library because I get to choose from lots of books!

My ambitions for the future: I want to be a policeman

Student: Bray

Age and Year Group: Year 1, 6 years old

Most recent:

School Trip: Netherfield Allotment

Extra-curricular activity: Cooking club

Science enquiry: What types of trees are there?

Book studied in English: The Enchanted Wood by Enid Blyton

History topic: Queen Elizabeth I and Queen Victoria

Geography topic: Colwick Park

Arts project: Vincent Van Gough

Favourite book: The Super Happy Magic Forest by Matty Long

Recent learning highlight: Making posters

The most interesting topic you've studied at school:

Staying safe from strangers in PSHE

One of my favourite subjects: Computing because I like learning about computers

A favourite feature of the school: Ted the reading dog

My ambitions for the future: I want to make videos and be a Youtuber
